CONGRATULATIONS, BULLDOGS!

We Are a Nationally Certified Demonstration Magnet School!

We are proud to announce that we have been recognized as a nationally certified-demonstration magnet school! This certification recognizes that Mansfeld's STEM Plus curriculum meets and exceeds the rigorous Magnet School Standards of Excellence. We believe students deserve access to an excellent education that will prepare them for a bright future, and we're proud to provide that opportunity to all of our students through our integrated STEM Plus program.

From the Principal

Dear Bulldog Community,
Congratulations on the monumental honor of becoming nationally certified as a demonstration magnet school! We are a model magnet school and are so proud of our incredibly hard working students, faculty, staff, and families. I also want to thank our fantastic volunteers who took part in our campus beautification event on Saturday.

Check out the great photo of our crew on p. 2! We appreciate everyone taking pride in our campus. Finally, thank you for your continued patience with the traffic situation as the district continues to address the bus driver shortage. The traffic is heavy right now, but if you have a planned pick-up location, that will help ensure that your child gets home safely and in a timely manner. As a reminder, students are dismissed at 3:50pm on Mondays, Tuesdays, Thursdays, and Fridays, and at 2:50pm on Wednesdays, except on conference days.

Cheers! *Mr. van Schie*
